

## **RADARC**

### **Converted ex PMR radios for sale, July 2021.**

All radios fully working, pre-programmed, on air tested and checked.

If you wish different or specific channels (e.g. RAYNET, ISS) then this can be done.

These radios make cheap mobile or shack rigs and the build quality is excellent.

The 4 channel Tait and the Key radios make ideal local use mobiles or shack monitors.

We do have some external speakers as well.

All proceeds to RADARC.

### **KEY KM150**

144-146Mhz 16 channel, 25W, CTCSS board allows 1 tone to be active, can be changed with dip switches. programmed local repeaters and simplex channels, mic and new fused lead. Sharman's microphone. Front panel speaker. Clean radio £25

### **KEY KM150**

144-146Mhz 16 channel , 25W, no CTCSS board but converted to APRS (144.800), programmed local repeaters and simplex channels, mic and new fused lead. Front panel speaker. Has 9 pin D serial connector for APRS. Clean radio £20

### **Phillips FM1100**

VHF 144-146Mhz, 100 channel, 25W, Full keypad, 27 memories pre-programmed, CTCSS, VFO, programmed local repeaters and simplex channels, mic and new fused lead, ready to go, nice clean radio. Requires external speaker. £45

### **Phillips FM1100**

UHF 430-440Mhz, 100 Channel, 25W, Full keypad, 27 memories pre-programmed, CTCSS, VFO, programmed local repeaters and simplex channels, mic and new fused lead, ready to go, nice clean radio. Requires external speaker. £45

### **Phillips FM1200**

UHF 430-440Mhz, 23 channel, no CTCSS, programmed local repeaters and simplex channels, mic and new fused lead. Requires external speaker. Clean radio £20

### **Tait T2000U**

UHF 430-440Mhz, 4 channel, CTCSS , programmed local repeaters and simplex channels, mic and new fused lead. Clean radio £25

### **Tait T2000U (at G4JTR)**

UHF 430-440Mhz, 4 channel, CTCSS, programmed local repeaters (BN, RU, AW & 433.550 simplex), mic and new fused lead. Clean radio £25

**Tait T2000V**

VHF 144-146Mhz, 4 channel, CTCSS, programmed local repeaters and simplex channels, mic and new fused lead. Clean radio £20

**Tait T2000V**

VHF 144-146Mhz, 4 channel, CTCSS, programmed local repeaters and simplex channels, mic and new fused lead. Clean radio £20

**Tait T2000V**

VHF 144-146Mhz, 4 channel, CTCSS, programmed local repeaters and simplex channels, mic and new fused lead. Clean radio £20

**Tait T2000V**

VHF 144-146Mhz, 4 channel, CTCSS, programmed local repeaters and simplex channels, mic and new fused lead. Clean radio £20

**Tait T2000V**

VHF 144-146Mhz, 4 channel, CTCSS, programmed local repeaters and simplex channels, mic and new fused lead. Clean radio £20

**Tait T2000V**

VHF 144-146Mhz, 4 channel, CTCSS, programmed local repeaters and simplex channels, mic and new fused lead. Clean radio £20

**Tait T2000V**

VHF 144-146Mhz, 4 channel, CTCSS, programmed local repeaters and simplex channels, mic and new fused lead. Clean radio £20

**Tait T2000V (at G4JTR)**

VHF 144-146Mhz, 4 channel, CTCSS, programmed local repeaters (RD, SN, NE and 145.5 simplex channel), mic and new fused lead. Clean radio £20

**Zycomm UT5000 (at G4JTR)**

8CH Low band PMR 25W, 70.400 – 70.9875. mic and new fused lead. With an excellent speaker/mic, very good audio. Clean radio £10.

**Motorola MC Micro with Radius M110 head (at G4JTR).**

8CH Low band PMR 25W, 70.325 – 70.475 in 25KHz steps plus 70.4375. Original Mic. fused power leads. Requires external speaker. Clean Radio, £20.
